

**Are you looking for a unique client appreciation event?
Do you want to have an event that is memorable?
Then you are looking for:**

Be Money on the Green

Everyone knows that golf is 90% mental. The problem is that most golfers do not know how or what to practice so they can tap into their mental game. Dr. Steinberg will show you the ATM system for being money on the green. The ATM system will help you make more putts when it counts under pressure.

The ATM system includes:

Attune yourself to the green.

We need to develop a green-reading routine before every putt. We also need to know our eye-dominance and this will help us see the line to the cup much better.

Triggerize your putting.

The best putters have a trigger which keeps them in motion and in rhythm. We choke because we do not have a trigger and we freeze over the ball.

Makes no difference.

We putt our best when we focus on the process and not the outcome. When we think the putt is for a score, we get nervous and can choke.

Be Money on the Green golf seminar is much more than just great information and hands-on exercises that help you make more putts under pressure. Dr. Gregg tells entertaining and informative stories that keep the audience entertained and interested.

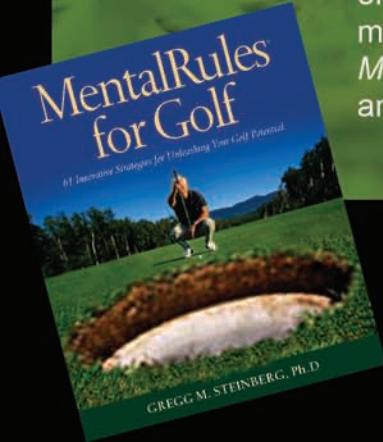

In addition, the ATM system can be used to help golfers perform their best in chipping, pitching, and the full swing.

Dr. Gregg Steinberg

was voted by Golf Digest as one of the game's great masterminds. He has spoken to thousands of golfers around the globe on golf psychology and mental toughness. He works with many PGA and LPGA players on the mental game. He is a frequent guest

on the Golf Channel, CNN and FoxNews on mental toughness. He is the author of the book, *MentalRules for Golf*, endorsed by Hank Haney and Hale Irwin, among many other all-time greats.

If you want a unique and memorable event, then book Dr. Gregg Steinberg. Visit him at www.corporatechampionconsulting or www.mentalrules.com or email him at: mentalrules24@msn.com or call (931) 206-1328
